**CONTACTLESS
SANITIZER DISPENSER**

FEATURES FOR COMPLETE PEACE OF MIND

Automatic Mist Based Sanitizer Dispensing Unit sprays alcohol-based sanitizer to Kill all the Bacteria and Germs on your Hand

Hand Sanitizer with Isopropyl Alcohol based palm cleanser that kills 99.99% of germs & bacteria from your hand to keep you safe from all kind of infection-causing possibilities

SAFE & LONG-LASTING: The offered liquid-textured hand sanitizer is gentle and non-irritating, does not hurt the skin, removes odour and has moisturizing properties.

HOW IT WORKS

A compact contactless dispensing unit sprays alcohol-based sanitizer when hand is placed under it, its aerated mist based formula uses only 5-6 ml. of sanitizer ensuring optimum usage and releases full cone spray mist for 12 seconds in a single operation. Contactless technology works on the Ultrasonic sensor to ensure zero-touch, high operational precision to completely disinfect both hands at once. A wall-mountable unit is enabled with two led's to indicate on/off status and dispensing in progress. Bulk sanitizer container tank makes it hassle-free and economical.
